School Board Policy

The University Preparatory Academy ("UPA" or "the School") is committed to providing and maintaining a healthy and safe environment for all students, employees, visitors, and guests. Accordingly, UPA has instituted a Comprehensive School Safety Plan designed to protect the health and safety of all students and personnel. Employees are required to know and comply with the School’s general safety rules and to follow safe and healthy work practices at all times. Employees are required to immediately report to the UPA Executive Director or designee any potential health or safety hazards and all injuries or accidents.

School Crime Assessment

University Preparatory Academy provides compiled school crime information for the California Safe School Assessment as mandated by the state of California. This information is forwarded to the Santa Clara County Office of Education, which collects such information from all school sites. This information is analyzed at each school site to determine what steps may be taken to reduce incidents of crime. Data sources reviewed

- Local law enforcement crime data
- Suspension/Expulsion data found in the California Longitudinal Pupil Achievement Data System
- Attendance rates
- LCAP
- LEA Plan

Strategies and Programs to Maintain School Safety

In analyzing local law enforcement crime data, as well as on-campus suspension, expulsion, and attendance reports, we identified the following strategies and programs to maintain a high level of school safety:

A. To ensure our campus is secure from outside criminal activity we will continue to have gated entrances that require outside visitors to contact our front office for access.

B. To ensure a low suspension/expulsion rate we will continue our positive behavior support system and also maintain proactive and strong supervision during all transition times.

C. To ensure a high daily attendance rate, we will call home on the day of school that is missed by the student. After 3 unexcused absences, the school and family will meet to discuss attendance concerns and support will be provided. Ongoing support and meetings will take place thereafter to help families find solutions to cut down on absenteeism. Meetings with the family are documented by the Executive Director.
Workplace Safety and Violence Prevention

Safe-Haven: UPA takes the safety and security of its employees seriously. The school does not tolerate acts or threats of physical violence, including but not limited to intimidation, harassment and/or coercion, that involve or affect UPA or that occur, or are likely to occur, on School property or School-related social media. You should report any act or threat of violence immediately to the School’s Executive Director or designee.

Situational Awareness: Be aware of unknown persons loitering in parking areas, walkways, entrances, exits and service areas. Report any suspicious persons or activities to security personnel or the School’s Executive Director or designee. Secure your desk or office at the end of the day. When called away from your work area for an extended length of time, do not leave valuable or personal articles around your workstation that may be accessible. You should immediately notify your supervisor when keys are missing or if security access codes, identification materials, or passes have been breached. The security of the facilities, as well as the welfare of our employees, depends upon the alertness and sensitivity of every individual.

School Violence Threat Assessment and Response:

Administrator Quick Reference
The following steps will guide you in responding to and assessing a threat of violence at your school.

Legality of a threat assessment procedure in a school setting
A School Violence Threat Assessment Response should not go forward unless you have
1. At least the existence of reasonable suspicion that a student, campus visitor, or trespasser has committed, is threatening to commit, or is attempting to commit an act that places one or more lives in danger. For example:
   a. School Violence
   b. Threats
   c. Bullying
   d. Harm to themselves and/or others
   e. Hate Violence.

School Violence Threat Glossary
Threat: A threat is an expression of intent to do harm or act violently against someone or something. It can be spoken, written, emailed, and symbolic or expressed in some other way, such as through gestures. It can be direct, indirect, veiled, or conditional. Threats could be made directly to the intended victim, communicated to third parties, or expressed in private writings. Possession of a weapon such as a firearm or knife on school grounds would be presumed to indicate a threat, unless subsequent investigation found otherwise. How student used or threatened to use a weapon is important (O’Toole, 2000).
**Direct:** Identifies a specifics act against a specific target and is delivered in a straightforward, clear, and explicit manner: “I am going to place a bomb in the school’s gym.”

**Indirect:** Tends to be vague, unclear, and ambiguous. The Plan, the intended victim, the motivation, and other aspects of the threat are masked or equivocal: “If I wanted to, I could kill everyone at this school!” While the violence is implied, the threat is phrased tentatively. “If I wanted to” suggests that a violent act COULD occur, not that it WILL occur.

**Veiled:** is one that strongly implies but does not explicitly threaten violence. “We would be better off without you around anymore” clearly hints at a possible violent act, but leaves it to the potential victim to interpret the message and give a definite meaning to the threat.

**Conditional:** is the type of threat often seen in extortion cases. It warns that a violent act will happen unless certain demands or terms are met: “If you don't pay me one million dollars, I will place a bomb in the school.”

There are three response stages

1. Pre-Incident
2. During an Active Incident
3. Post-Incident

**Pre-Incident**

**Before a Threat of Violence is reported:**

1. Be familiar with the process
2. Situational Awareness
3. Establish clear guidelines for student behavior and an inclusive environment
4. Establish a Conflict Resolution process
5. Train Staff on Response Procedure

**During Threat**

1. Administrator is to identify Threat Level and Type of Threat

   **Threat Level:** *(Refer to Estimated Levels of Risk (O'Toole, 2000))*
   - Low
   - Medium
   - High

   **Threat Type:** *(Refer to School Violence Threat Glossary)*
   - Direct
   - Indirect
   - Veiled
   - Conditional

2. Administrator is to Secure Campus by either a **CODE BLUE** or **CODE RED** or by simply making staff aware that an assessment is currently underway. Inform the Executive Director and Board Member.
3. **Next SELECT ONE:** [A] OR [B]

**Drug and Smoke Free Workplace**

All School buildings and facilities are non-smoking facilities.

It is the School’s policy to maintain a drug and alcohol-free workplace. No employee may use, possess, offer for sale or be under the influence of any illegal drugs or alcohol during working hours, including lunch and break periods, in the presence of pupils or on School property at any time.

Engaging in any of the activities above shall be considered a violation of School policy and the violator will be subject to discipline, up to and including termination. The School complies with all federal and state laws and regulations regarding drug use while on the job.
Criminal Background Checks

As a condition of employment, the School requires all applicants for employment to submit (via SCCOE) two sets of fingerprints to the Department of Justice for the purpose of obtaining criminal record summary information from the Department of Justice and Federal Bureau of Investigation. The School will not employ a person who has been convicted of a violent or serious felony or a person who would be prohibited from employment by a public school district because of his or her conviction for any crime, unless an applicable exception applies. The School will not employ any applicant until the Department of Justice completes its check of the state criminal history file as provided by law. The School shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

Child Abuse Reporting Procedures

Reporting child abuse is mandated by the California Penal Code (The Child Neglect and Abuse Reporting Act, pursuant to penal codes 11164 – 11174.3. This law requires school employees to report any reasonable suspicion of child abuse or neglect to the local police department, sheriff’s department, or county welfare office. All University Preparatory Academy staff must report any suspected case of child abuse or child neglect. Teachers and classified employees are asked to make the report and notify an administrator or ask an administrator to assist in making a report. University Preparatory Academy administration will review the reporting procedures at the beginning of the year. All school employees will receive annual training on the mandated reporting requirements within eight weeks of the first day of each school year or their first day of employment.

Any employee who knows or reasonably suspects a child has been the victim of child abuse shall report the instance to the police or sheriff’s department, or to the Santa Clara County Probation Department. Child abuse is broadly defined as “a physical injury that is inflicted by other than accidental means on a child by another person.” School employees are required to report instances of child abuse when the employee has a “reasonable suspicion” that child abuse or neglect has occurred. Reasonable suspicion arises when the facts surrounding the incident or suspicion could cause a reasonable person in a like position to suspect child abuse or neglect.

Child abuse should be reported immediately by phone to the police or sheriff’s department, or to the Santa Clara County Department of Family and Children’s Services (DFCS). The phone call is to be followed by a written report prepared by the employee within thirty-six (36) hours. There is no duty for the reporter to contact the child’s parents.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to the police or sheriff’s department, or to DFCS.
Mandated Reporting Protocol

Teachers are the front lines of advising students who come to them with problems, issues, and trauma in their personal and school lives. We need to allow that community of support to thrive at UPA, though we also need to understand and adopt a protocol for these encounters that keeps students safe and respects liability issues.

A. Mandated Reporting

UPA teachers have encountered the following examples of where students have decided on their own, or with the help of their friends, to seek help from teachers. In these cases our responsibilities as mandated reporters applies:

- Domestic child abuse, neglect, or abandonment
- Alcohol and drug abuse affecting home environment
- Domestic violence
- Sexual assault

B. Mandated Reporting Protocol

1. When you sit with a student and it looks like you might be called on as a “mandated reporter” given what the student has reported to you, allow the student to speak openly, using clarifying (not investigatory or biased) questions that will help the student tell the whole story and refrain from offering advice - just be a great listener.

2. Take notes or, after the discussion, write down as much of the detail of the story you can remember, as these details will be important when speaking with law enforcement or DFCS.

3. Be prepared to answer the potential request of the student to keep what they are telling you confidential. If asked, teachers should let the students know that certain things must be reported to someone who can help. In other cases where mandated reporting might not be required, a student should be encouraged to and told that it will be necessary to contact a parent with what is troubling them (except in the case where the parent is implicated).

4. When the student has finished telling his or her story, you may want to secure the student in a safe place as necessary. You should notify the appropriate grade level counselor and the Executive Director, or the Student Services, of the situation, and you will need to call law enforcement and/or DFCS. The Executive Director or designee, or the appropriate counselor, will help you make that phone call and will need to provide demographic data if you do not have access to that data that law enforcement/DFCS requires.

5. Following the phone call to law enforcement/DFCS, you will need to fill out and mail an incident report, as well as provide a copy of that report to the Director of Student Services. Retain a copy for yourself.

6. Depending on the situation, the Director of Student Services will assist in deciding whether parents will need to be contacted, and what next steps are necessary for the student.
7. When checking back with the student after making a DFCS call, the student
should not be asked how the DFCS proceedings went and please refrain
from giving advice beyond comforting the student or offering to listen
again if the issues persist. School administration or counselors will ensure
that the student has the information that he or she needs from professional
services around how to report additional instances of the abuse and how
to seek continued support.
8. Please note that it is unlikely that DFCS will provide school officials or the
mandated reporter any information related to the investigation.

C. Advising Students
UPA students also report issues and problems that fall outside of mandated
reporting guidelines. These include but are not limited to:
- Self-harm (cutting)
- Mental health related concerns (such as depression)
- Bullying
- Drug, alcohol, weapons or other behavioral concerns involving other
  students’ actions
- Social issues
- Academic issues

D. Advising Students Protocol
1. Listen to the student’s concern and refrain from giving advice that would
   be more appropriately given by counselors, administrators, law
   enforcement, or a parent.
2. Again, manage the student’s expectations around confidentiality. Please
   encourage the student to go to the appropriate counselor or administrator,
   to allow you to report the matter, or offer to bring the student to a
counselor or administrator to report the matter with you. The counselor or
administrator will ensure the student speaks with their parent as well.
3. Report in a timely manner the concern to the appropriate counselor and to
   the Director of Student Services as quickly as possible. One of those
individuals will provide feedback to you as to the progress of any
investigation and follow-up with the student. Teachers should not contact
parents with these issues before speaking with the counselor.

E. Counseling Department Guidelines
1. When a student is referred to the counseling staff per the aforementioned
   protocol, counselors will interview the student in a timely manner and will
utilize the Santa Clara County Mental Health TALK (tell, ask, listen, and
keep safe) protocol for handling students who present with mental health
issues.
2. Counselors will receive training and certification as a Suicide Alert Helper,
   provided by Santa Clara County Mental Health.
3. Following the interview, the counselor will contact the parent of the
   student, and share the details of the interview and the initial report with
   the parent. The counselor shall document the meeting or phone call held
with the parent.
4. Having notified the parent, the counselor will encourage the parent to utilize existing family health care resources to have the student meet with a primary care physician or specialist.

5. Where the parent is unable to access health care services, or if self-harm or mental health is a concern, the Santa Clara County Mental Health suicide and crisis hotline phone number (1-855-278-4204) and resource pamphlet shall be provided to the parent and the recommendation to seek help given.

Please note: the SCC suicide and crisis hotline phone number and resources may not be provided to a student directly, rather these resources should be provided to the parent of the affected student.

6. The counselor should confirm and document with the parent, that action (or the decision not to act) on the counselor’s recommendation to seek help was taken.

7. The counselor shall follow-up with the parent, student and appropriate staff on a regular basis in order to monitor academic progress.

The counselor shall report to the Director of Student Services each mental health referral made. Determination of need for a 504 Plan may be considered.
Emergency Management
Disaster Response Section

2019-2020
Disaster Response Procedures Overview

These disaster response procedures were created to assist UPA’s administration and staff members when a disaster occurs. The first and foremost objective is safety of the site’s students and personnel. Teachers are required to inform their students about the safety procedures and practice frequently.

The Standardized Emergency Management System (SEMS) provides a fully integrated and coordinated multiple level response to multi-agency, multi-jurisdictional emergencies. SEMS is based on the Incident Command System (ICS).

ICS has five primary functions:
1. command/management
2. operations
3. planning/intelligence
4. logistics and
5. finance/administration

At the SEMS Field Level, the ICS organization develops around the five major functions that are required on any incident whether it is large or small. For some incidents and in some applications, only a few of the organization’s functional elements may require the filling of a specific position. In these cases, where a specific position is not filled, duties remain the responsibility of the next higher position in the chain of command. However, if there is a need to expand the organization, additional positions exist within the standard ICS framework to meet virtually any need. Specific discipline applications may require specialized positions to meet functional needs.

The intent of this plan is to clarify school procedures in the case of an emergency. The objectives of our plan are the following:

1. To provide for action which will minimize injuries and loss of life of students and school and emergency personnel if an emergency occurs during school hours;
2. To provide for maximum use of school personnel and school facilities;
3. To ensure the safety and protection of our students and school personnel immediately after a disaster;
4. To arrange for a calm and efficient plan for parents to retrieve their children from school, should it be necessary, following a disaster.
5. To meet these objectives, in the event a disaster should occur when children are at school, the following action plan would be implemented.

Disaster / Evacuation Procedures:

**Definition of emergency:** An out-of-the-ordinary event deemed beyond the experience level of the Office Manager and the teachers on site. The Office Manager is entitled to make this decision on the authority of the Executive Director (Examples: severe student injury; bus accident; any event gathering media attention).

Prior to any disaster drills or actual evacuations, each teacher will appoint two students who will lead the class to the assembly location and notify another staff member or administrator if their teacher is injured, requires assistance or is unable to evacuate the building.

**ALL STAFF MEMBERS’ FIRST PRIORITY IS THE SAFETY OF ALL THE STUDENTS.** It may become necessary for a teacher or staff member to evacuate the building leaving trapped or seriously injured children in the classroom.

CODE RED – RUN, HIDE, FIGHT Response

When you are notified that the school is in a CODE RED, this means that there is a life-threatening situation, or intruder ON CAMPUS and drastic measures must take place in order to keep our students safe.

**LOOK:** Immediately scan your surroundings.
- If the threat is visible, RUN!
- Seek cover and concealment.
- Hide if possible.
- RUN again when it is safe.

**LISTEN:** Listen for sounds.
- If you hear the threat, RUN!
- Seek cover and concealment.
- Hide if possible.
- RUN again when it is safe.

**ACT:** Don’t Freeze! Take action right away.

Options-Based Code Red response for students and teachers:

**RUN:** As fast as you can to get away from the threat.
- Run towards cover.
- Get as far away as you can.

**HIDE:** If you’re indoors, secure the room.
- Lock doors.

Teachers, students, and school administration are not being asked nor should they ever put themselves in harm’s way unnecessarily, but law enforcement is asking that we reflect on these worst-case scenarios and what we can do to defend ourselves and our students.
CODE BLUE – Campus Lock-Down Procedure

This procedure is utilized to immediately secure everyone present on campus within classrooms, and other interior spaces. This can be in response to police activity in the neighboring vicinity off-campus and/or to isolate a location while an incident is managed.

1. Incident Commander issues the “CODE BLUE” alert signal. All Staff respond immediately to secure campus. Emergency Communication Protocol is initiated.

   **Lunch:** Upon hearing the CODE-BLUE signal, students immediately go to their next period classrooms. If the door is locked, or the teacher is unavailable, the neighboring teacher will let students into their classroom. The teacher meets students at the classroom. Teacher and students secure all doors leading to the outside.

   **Class time:** Upon hearing the CODE BLUE Signal, Teacher immediately locks the classroom door. The teacher takes attendance. The teacher or staff member will proceed to secure their classroom and follow the Emergency Communication Protocol to obtain updates. The classroom door is not to be opened by anyone inside the room until the emergency is over. Teacher will continue teaching class.

2. Incident Commander directs Security/Campus Aides to lock any and all outside doors not already locked by a teacher (i.e. classroom).
3. The office will contact each teacher by phone to verify the room is safe and secure. When answering the phone the teacher is to respond, with the approved call sign (Code 10). ANY OTHER RESPONSE SIGNIFIES A PROBLEM IN THE CLASSROOM.
4. Wait for instructions.
5. Incident Commander sends updates at regular intervals in order to keep Teachers and Staff informed as often as possible.
6. Incident Commander Issues “All-Clear” signal to deactivate CODE BLUE.

UPA Administration Procedures

1. Use phone speaker to announce Code Blue, call 911 as needed.
2. Use radios to communicate who will remain in contact with law enforcement.

5. Lift Code Red after confirmation with law enforcement, with code, and allow students to evacuate upon orders of law enforcement.
6. Coordinate with law enforcement and administration to triage emergency situation, site unification, and release of students to parents (as needed).

12. Coordinate with law enforcement and administration to triage emergency situation, site unification, and release of students to parents (as needed). Refer all communications with press to administration or police.
13. Let police know of potential witnesses as soon as you become aware of them.

**Bomb Threat and Discovery of Explosives**

The person receiving the bomb threat will:
1. Attempt to gain as much information as possible when the threat is received. Do not hang up on the caller.
2. Keep the caller on the phone as long as possible. If the threat is received by phone, attempt to gain more information.
3. The most important information is: When will the bomb explode and where is the bomb located?
4. Immediately after receiving the bomb threat, verbally notify the Incident Commander of the threat received.
5. Turn off cellular phones and/or walkie-talkie radios, and public address systems (radio waves could trigger a bomb).

**Incident Commander**, with support from staff, will (or assign someone to):
1. Call 9-1-1 and give the following information:
   a. your name
   b. call-back phone number
   c. exact street location with the nearest cross street
   d. nature of incident and number and location of people involved and/or injured.
   e. Identify that UPA is a public school
2. Notify Executive Director and Board Member.
3. Evacuate involved buildings using controlled evacuation procedures. Executive Director must issue permission to evacuate the entire site.
4. Implement a systematic inspection of the facilities to determine if everyone is out. Secure all exits to prevent re-entry to buildings during the search period.
5. Be certain people stay clear of all buildings; a bomb(s) may be planted against an outside wall. The blast will be directed in large part away from the building.
6. Re-occupy buildings only when proper authorities give clearance.

Fire department or police officers shall organize a search team to check for suspicious objects; a bomb can be disguised to look like any common object. Site employees should be ready to assist as needed.
Environmental Hazards:

An environmental hazard is any condition, process, or state adversely affecting the environment. Environmental hazards manifest as physical or chemical pollution in air, water, and soils. Environmental hazards can cause widespread harm to humans and the physical environment. Below are procedures to be followed in different hazardous events.

Biological, Radiological, Chemical and other activities

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:
If a spill is minor and inside, notify buildings and grounds personnel immediately for clean-up. Open windows for ventilation.
If a more serious spill occurs inside or outside:
1. Call 911. Notify Fire Department, Emergency Response Unit, and/or Public Health Department.
2. Provide the following:
   a. School name.
   b. Building address, including nearest cross street(s). Your name and phone number.
   c. Identify UPA as a public school.
   d. Location of the spill and/or materials released. Characteristics of spill (colors, smells, visible gases). Name of substance, if known.
   e. Injuries, if any
3. Notify buildings and grounds personnel.
4. Close all windows and doors if the spill is outside.
5. Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
6. Remain inside building unless ordered to evacuate by the Fire Department. Fire Department will advise of further actions to be taken.
7. Do not eat or drink anything or apply cosmetics.
8. If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
9. The Executive Director or his/her designee, if necessary, will give approval for student release or site evacuation.
Emergency Buddy-Teacher System:

The purpose of the Disaster Buddy system is to ensure all classrooms have evacuated from the building. Once you have safely evacuated your students from the building and arrived to the assembly area check to see if your buddy teacher and class is present on the field. If your buddy teacher or class is not at the assembly area, notify the Command Center immediately. We cannot always rely on the alarms or intercom to make every teacher aware of a disaster, or they may be trapped or injured. This procedure will be used as a secondary means to ensure every teacher and classroom is safe and present at the assembly area.

The following is an example of a Teacher-Buddy Checklist. Due to teacher movement across periods and buildings, each teacher is encouraged to develop a buddy-system for each period/room combination.

Medical Emergencies:

Typically medical emergencies should be handled by calling 911 and following the directions given by the 911 operator. In the event that 911 cannot be reached or because of disaster conditions medical help will be delayed it may become necessary for staff to assist victims.

In the event of an emergency involving injuries or immediate severe illness when medical services are not available, calmly and carefully, assess the medical emergency you are faced with. Take only those measures you are qualified to perform.

Field Trips and Off-Campus School-Sponsored Activities:

Field trips and other off-campus school-sponsored activities are a great way to complement a child’s learning. They offer an opportunity to experience something that may be new and exciting. But the health and safety of all students is of paramount concern to the school even when students are off-campus, so the following procedures apply to all field trips and other off-campus school-sponsored activities.

In order to participate in a field trip, all students must have a completed permission slip with a parent signature in two (2) spaces. This permission form allows families to provide critical contact information and medication needs (if any). Trip slips will be sent home before the trip and must be filled out by a parent or legal guardian. Volunteer chaperones must be approved by the School before the trip, be 21 years of age or older, and are not allowed to bring other children on the trip. Volunteer chaperones may be required to complete a TB test and criminal background check prior to the field trip depending on the volunteer’s role.

Some trips may be organized with parent drivers. Parent drivers must have proof of insurance and a current California State driver’s license. State law mandates the use of car seats or booster seats for all children under the age of eight. If your child is required to be in a car seat or booster seat, you must provide that car seat or booster seat upon request for field trips.

Field trip volunteers, including parent drivers, must sign a waiver of all claims against UPA, the governing board of UPA, its members and employees, other volunteers and chaperones, and others for injury, accident, illness or death occurring during or by reason, arising out of, in connection with, or resulting from the school field trip.

During all field trips and other off-campus school-sponsored activities, school staff and volunteer chaperones should be aware of the location of the nearest emergency services, including fire department, police department, hospital, etc. Each staff member and volunteer chaperone should have a cell phone, walkie-talkie, or other communication device on them at all times. Breakfast, lunch, snack, or other food arrangements, if any, should be
made in consideration of students with food allergies. If a student has special medication needs (e.g., asthma, diabetes, allergies, etc.), arrangements should be made so the student will have access to required medication.

**Procedures for Public Agency Use of School Buildings**

During an emergency, University Preparatory Academy buildings, grounds, and equipment may be designated to be used for mass care, welfare shelters that affect public health or welfare. University Preparatory Academy, or its landlord, shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross upon official notice to the Executive Director by a verified agent. University Preparatory Academy shall cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet the community’s needs.

**Disaster Service Worker Designation**

School employees are considered disaster service workers and are subject to disaster service activities assigned to them. All school personnel have pre-designated duties and responsibilities to assume in the event of a major disaster; earthquake, fire, lock down or other determined emergency. All University Preparatory Academy employees automatically become Disaster Service Workers upon declaration of a disaster or state of emergency.

**Priority Release During Emergencies**

In the event of a disaster or emergency, certificated staff members become Civil Defense Workers who are required to give assistance until the emergency is concluded or all children have been released to a parent or guardian. The Executive Director shall make the determination when the opportunity to release staff members arrives. The following 5-point priority listing shall be used:

- **Priority One:** Instructional Aides/Part-time Classified Staff
- **Priority Two:** Certificated staff members and office staff with small children.
- **Priority Three:** Remaining certificated staff members
- **Priority Four:** Certificated staff members who volunteer to stay on campus for an extended time
- **Priority Five:** Administration and custodial staff. All staff members volunteering to stay until all children are released.

School Discipline and Student Supervision Procedure

University Preparatory Academy has created a school-wide discipline plan in order to communicate high standards and expectations and hold students accountable for their behavior at school and school-sponsored events, including off-campus events and field trips. This plan, part of the School's overall Student-Family Handbook, was created by a committee of teachers, and administrators, and is reviewed and updated each year. The discipline plan is given to every student and reviewed in a mandatory assembly presented by the Executive Director. Parents are required to review the discipline plan with their child, and both parent and student sign a signature card attesting that they have read the plan. Staff members consistently enforce the school-wide standards.

Suspension and Expulsion

The following Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at UPA. When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as UPA’s policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements.

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This policy and its procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student-Family Handbook that is sent to each student at the beginning of the school year. The school administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

Corporal punishment shall not be used as a disciplinary measure against any student.
Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee’s use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom school has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. The school will follow all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the school has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance with due process to such students.

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is 1) related to school activity, 2) school attendance occurring at UPA or at any other school, or 3) a UPA sponsored event. C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

   a. Suspension shall be preceded, if possible, by a conference conducted
by the Executive Director or the designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Executive Director. The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

b. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

c. This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

d. No penalties may be imposed on a pupil for failure of the pupil’s parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil’s parent or guardian at the conference.

2. Notice to Parents/Guardians:

a. At the time of suspension, the Executive Director or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person.

b. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

a. Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Upon a recommendation of Expulsion by the Executive Director or designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Executive Director or designee upon either of the following determinations:

Non-Discretionary Expellable Offenses: Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the pupil:

1. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

If it is determined by the Governing Board that a student has brought a fire arm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994.

Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (1) bomb, (2) grenade, (3) rocket having a propellant charge of more than four ounces, (4) missile having an explosive or incendiary charge of more than one-quarter ounce, (5) mine, or (6) device similar to any of the devices described in the preceding clauses.

E. Authority to Expel:
A student may be expelled either by the Board following a hearing before it or by the Board upon the recommendation of an Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the pupil or a Board member of the UPA’s governing board. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

F. Expulsion Procedures
Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the pupil has committed an expellable offense.

In the event an administrative panel hears the case, it will make a recommendation to
the Board for a final decision whether to expel. The hearing shall be held in closed session unless the pupil makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the School’s disciplinary rules which relate to the alleged violation;

5. The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses.

G. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses:

1. The School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the School, Panel Chair or the hearing officer in the expulsion. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

2. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five day notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

3. The School must also provide the victim a room separate from the hearing room for the complaining witness’ use prior to and during breaks in testimony.

4. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

5. The person conducting the expulsion hearing may also arrange the seating
within the hearing room to facilitate a less intimidating environment for the complaining witness.

6. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

If one or both of the support persons is also a witness, the School must present evidence that the witness’ presence is both desired by the witness and will be helpful to the School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

Evidence of specific instances of a complaining witness’ prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person.

Reputation or opinion evidence regarding the sexual behavior of the complaining
H. **Students with Disabilities:**
A pupil identified as an individual with disabilities or for whom the school has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act ("IDEIA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to regular education pupils except when federal and state law mandates additional or different procedures. The School will follow the IDEIA, Section 504, and all applicable federal and state laws when imposing any form of discipline on a pupil identified as an individual with disabilities or for whom the School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance with due process to such pupils. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

I. **Notification Of District**
The school shall immediately notify the SCCOE and coordinate the procedures in this policy with the county office the discipline of any student with a disability or student who the School would be deemed to have knowledge that the student had a disability.

J. **Services During Suspension**
Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP; and receive, as appropriate, a functional behavioral assessment or functional analysis, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

K. **Procedural Safeguards/Manifestation Determination**
Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the School, the parent, and relevant members of the IEP Team shall review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
2. If the conduct in question was the direct result of the local educational agency’s failure to implement the IEP.
If the School, the parent, and relevant members of the IEP Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child’s disability.

If the School, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team shall:

Conduct a functional behavioral assessment or a functional analysis assessment, and implement a behavioral intervention plan for such child, provided that the School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

Return the child to the placement from which the child was removed, unless the parent and the School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the School, the parent, and relevant members of the IEP team determine that the behavior was not a manifestation of the student’s disability and that the conduct in question was not a result of the failure to implement the IEP, then the School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

L. Due Process Appeals
The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings of the State of California.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the School agree otherwise.

M. Special Circumstances
School personnel may consider any unique circumstances on a case-by-case basis
when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student’s disability in cases where a student:

1. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
3. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

N. Interim Alternative Educational Setting

1. The student’s IEP team shall determine the student’s interim alternative educational setting.
2. Procedures for Students Not Yet Eligible For Special Education Services
   a. A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the district’s disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the School had knowledge that the student was disabled before the behavior occurred.
   b. The School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:
      1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School supervisory or administrative personnel, or to one of the child’s teachers, that the student is in need of special education or related services.
      2. The parent has requested an evaluation of the child.
      3. The child’s teacher, or other School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other School supervisory personnel.
   c. If the School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay
   d. If the School had no basis for knowledge of the student’s disability, it shall proceed with the proposed discipline. The School shall conduct an expedited evaluation if requested by the parents;

53
however, the student shall remain in the education placement determined by the School pending the results of the evaluation.

e. The School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

O. Record of Hearing
A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

P. Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the expulsion-hearing panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

Q. Written Notice to Expel
The Executive Director or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:
Notice of the specific offense committed by the student

Notice of the student’s or parent/guardian’s obligation to inform any new district in which the student seeks to enroll of the student’s status with the School.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the SCCOE. This notice shall include the following:

1. The student’s name
2. The specific expellable offense committed by the student

The Board’s decision to expel shall be final. The parent does have the right to appeal the Board’s decision to the Board of the Santa Clara County Office of Education. The County Office of Education Board may uphold the local Board’s decision to expel or may overturn the expulsion. In such case, the County Board’s decision is final.

R. Disciplinary Records
The School shall maintain records of all student suspensions and expulsions at the School. Such records shall be made available to the SCCOE upon request.

S. Expelled Pupils/Alternative Education
Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence.

T. Rehabilitation Plans
Students who are expelled from the School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the School for readmission.

U. Re-admission
The decision to re-admit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Executive Director and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director shall make a recommendation to the Board following the meeting regarding his or her determination. The pupil's re-admission is also contingent upon the School’s capacity at that time.
Procedures to Notify Teachers of Dangerous Pupils

If a dangerous pupil is in attendance, the University Preparatory Academy Executive Director will personally notify the teachers immediately about that student. The administrator will identify the dangerous behavior and instruct teachers on how to proceed if dangerous behavior occurs. For students who are suspended from school, teachers will be notified of the suspension and will have access to the suspension letters for details of the incident. Any student who causes, attempts to cause, or threatens to cause harm may be recommended for expulsion if the severity of the action so warrants.

Classroom Management and School Discipline Procedures

The behavior a child demonstrates is serving a purpose for him or her, reinforced by a negative environment. If we can get at the problem, and if the school environment is supportive, we should be able to extinguish acting out. Our students need help developing communication skills, social skills, and self-management in order for students to make better choices. We employ these and other best practices when it comes to student behavior:

- When students make poor choices, we look to restorative justice practices.
- We consider the response to intervention when applying academic treatments.
- Teachers and administrators building relationships with students in this small school.
- Teachers and administrators building and focusing upon a college-going culture.
- Teachers engaging students in the classroom with excellent teaching.
- Administrators supervising the common times and spaces effectively.
- Strict expectations up-front, sustained throughout the school day and school year.
- Preventative discipline.
- Positive behavior support.
- Documentation is not just important; it is absolutely necessary.

Attendance Recording Procedures

Regular and punctual attendance is vital to our students’ learning objectives and contributes to school safety. As one of the strategies that UPA is adopting via this plan, the following procedures are to be followed by all staff in support of successful and accurate attendance reporting:

1. Students are to be seated in classrooms at the official start of the period.
2. Teachers take attendance every period using Power School within the first 5 minutes of class (don’t forget to hit “submit”).
3. Attendance report is run each period by office staff to determine if attendance is taken and to confirm school daily attendance. Office will call or send a supervisor to the classroom if attendance has not been taken, or an administrator or
technology lead will be sent to the classroom if there is a technology related problem with taking attendance.

4. The attendance clerk will call parents of students who are marked absent periods one and two, for whom we have not received notification from the parent.

5. Students who are tardy for first (1st) period will check in at the front office.

6. Students who arrive more than 5 minutes late to periods 2-7 without a pass must be sent to the front office.

7. Students are required to have a pass if they arrive late to periods 1-7.

8. After school detention will be applied to any student receiving three (3) or more “Tardies” in one week. Repeat offenders will be referred for parent conference and intervention.

9. Attendance taking along these lines is never optional; it is a requirement of our work, and ultimately protects students, our teachers, and our school.

**Special Circumstances**

1. If attendance is unable to be taken due to technology outage, attendance is to be taken on emergency rosters and made available for pick-up by staff as needed. Once technology comes back on-line, please log all absences and “Tardies” into PowerSchool after the fact, or see specific instructions over email notification.

2. If a student arrives to your class, but is not present on your PowerSchool roster, that student is to be sent to the front office for administrative or counselor attention (this is particularly likely in the first week of the school year).

3. Teaching Assistants are not allowed to take or enter attendance for teachers.

4. Substitute teachers will be provided credentials with which to report attendance.

**Use of Mobile Digital Devices**

The use of mobile digital devices to assist students and teachers in improving learning and make the learning process more enjoyable for students is encouraged. The procedures below are intended to ensure appropriate use of the school’s Wi-Fi network and use of mobile devices by students and staff while on any part of the UPA campus and grounds at 2315 Canoas Garden Ave, San Jose CA 95125.

1. **Mobile Device:** A generic term used to refer to a variety of devices that allow students and staff to access data and information (through Wi-Fi) from wherever they are on campus. These devices include video game consoles, cell phones, smart phones, electronic tablets, digital audio players, and laptops.

2. **Wi-Fi:** A technology that allows an electronic device to exchange data wirelessly using radio waves over a computer network including high-speed internet connections.

3. **Instructional purposes:** As defined at UPA, “instructional purposes” includes any Wi-Fi activity connected to classroom instruction, usually assigned or permitted by the teacher to facilitate learning, complete assignments, and
Use of Mobile Devices Regulations
The academic use of mobile devices, including cell phones, laptops, tablets and other devices as outlined in the definitions above is permitted provided the following procedures are met:

1. Students bring mobile devices to school at their own risk. UPA does not assume responsibility for the safe keeping of those devices.
2. Student use of mobile devices for academic purposes within the classroom falls under the direct jurisdiction of the classroom teacher. The teacher at his/her discretion may allow/disallow the use of any mobile device(s) in their classroom.
3. Student use of school-owned laptops, tablets, and smart phones for classroom/instructional use only is permitted on the campus and grounds of the School.
4. Student use of cell phones to make phone calls or text messaging is not permitted during school time from the start of period 1 through the end of period 7 for all students regardless of their last period of the day. Cell phones must remain off and in the student’s backpack throughout the day, before school, break, and during lunch.
5. All UPA students must agree to and abide by this regulation and other rules published in the Student Handbook on pages 31-32.
6. Infractions on the Use of Mobile Devices: Infractions of the regulations outlined above will lead to action ranging from a warning, confiscation of the mobile device, to severe disciplinary action deemed appropriate to the infraction(s).

Policy prohibiting discrimination, harassment, intimidation, and bullying – page 33 of the Student-Family Handbook
UPA believes all students have the right to a safe and civil learning environment. Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors which interfere with students’ ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, UPA prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. A copy of the complete Policy is available upon request at the main office.
UPA defines “discrimination, sexual harassment, harassment, intimidation, and bullying” as the intentional conduct, including verbal, physical, written communication, or cyberbullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration and citizenship status, religion, religious
affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as “misconduct” prohibited by this Policy.”

To the extent possible, UPA will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated and/or bullied, and will take action to investigate, respond, and address and report on such behaviors in a timely manner. UPA staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, UPA will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom UPA does business, or any other individual, student, or volunteer. This Policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. UPA will promptly and thoroughly investigate any complaint of such misconduct prohibited by this Policy and take appropriate corrective action, if warranted.

Access to the school campus (visitors)

Parent Visitations and Volunteering

Parents are always welcome at our School; however, classroom visits should be prearranged at least 24 hours in advance. We ask that when you visit the school, you respect the instructional time of teachers and students. Please do not disturb lessons or students and teachers who are working. If you have a matter to address with a teacher, please find a mutually agreeable time to discuss the matter.

For purposes of safety, state law requires schools to register all visitors, including parents. Upon entering any school building or grounds when during regular school hours, please immediately go to the school office to register your presence on campus and to obtain a visitor’s pass. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys) the officer/official will also be asked to produce any documentation that authorizes school access. UPA shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by UPA, consistent with the law. The UPA Board of Directors and Bureau of Children’s Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General. Unauthorized persons are prohibited from entering or remaining on school grounds. If court restraining orders exist which limit a parent’s access to visiting his/her child or in receiving information about the child’s school progress, it is the responsibility of the custodial parent to provide the office and the registrar in particular with a copy of such an order. The order will be placed in the student’s file for future reference. Only those persons listed on the student’s emergency contact card are permitted to pick up a child without specific further parental permission.

Parents or guardians who are interested in volunteering in the classroom must also adhere to the certain guidelines. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be (1) fingerprinted, 2) subject to a Megan’s Law Check, and (2) receive background clearance prior to volunteering without the direct supervision of a credentialed employee. Registered sex offenders under Penal Code section 290 or other subsequent legislation may not serve as volunteers on campus or anywhere or at any time students are present.
UPA Student Driver/Student Vehicle Rules and Expectations

UPA Student Driver Rules/Expectations

Any UPA student, who has earned a driver’s license and is driving to, and from school must complete the attached “student driver permit application”, in order to drive to and from school, along with parking in the designated school lots.

- Show proof of valid insurance for vehicle(s) driven to and from school
- Show proof of valid vehicle registration(s) (Copy)
- Show proof of valid driver’s license (Copy)
- Both parent and student driver must sign and date application

Signing the student driver application form signifies that both the STUDENT and PARENT have read and acknowledge the following rules and expectations for driving to and from UPA campus.

- Student will display the UPA parking pass at all times on front windshield/mirror
- Parking is only allowed in designated lot areas, near Main school office (Front of FLC building)
- Students will operate vehicle in a safe and courteous manner while on school property

Consequences for breaking rules or expectations listed above may result in:

- Your application and permission to drive and park a car on UPA campus will be revoked for the remainder of a semester, school year or permanently
- School disciplinary action
- Police citation
School Health and Wellness Section

2019-2020
Student Health Examinations

A. Health Examination Certificates or Waivers
   Upon enrollment, the School will verify that the student’s file contains a certificate of the health examinations required under Health & Safety Code section 124040, or a waiver from those requirements.

B. Health Examinations by the School
   The Governing Board recognizes that periodic health examinations of students may lead to the detection and treatment of conditions that impact learning. Health examinations also may help in determining whether special adaptations of the School’s program are necessary. The School shall conduct health screenings of students as required by the California Ed. Code.

Vision and Hearing Tests: Upon first enrollment in the School and until the child has completed the eighth grade, the School shall test the student’s vision and hearing. The vision test shall include tests for visual acuity and color vision, although the test for color blindness shall be appraised once and only on male students, the results of which shall be entered in the health records. Classroom teachers are responsible for continuous observation of the appearance, behavior and complaints of students that might indicate vision problems. Where a student’s school performance begins to give evidence that the existence of the problem might be caused by a visual difficulty, a visual evaluation shall be done in consultation with a medical professional, for example, the county school nurse.

The vision evaluation may be waived by the parents/guardians if they present a certificate from a physician and surgeon or an optometrist setting out the results of a determination of the child’s vision, including visual acuity and color. Parents/guardians may also avoid the testing and observation if they file with the School’s Executive Director or designee a statement in writing that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets or principles depend for healing upon prayer in the practice of their religion.

A parent/guardian may file annually with the School’s Executive Director or designee a statement in writing, signed by the parent/guardian, stating that he/she will not consent to a physical examination of his/her child. The student will thereafter be exempt from physical examinations, but if there is good reason to believe that the student is suffering from a recognized contagious or infectious disease, the student will be sent home and not be permitted to return to school until the School’s Executive Director or designee is satisfied that any contagious or infectious disease does not exist.

Requirements for Administration or Assistance: Before UPA will allow a student to carry and self-administer prescription auto-injectable epinephrine, or inhaled asthma medication, or have authorized School personnel administer medications or otherwise assist a student in administering his or her medication, the School must receive a copy of the following:

1. A written statement executed by the student’s authorized health care provider specifying the medication the student is to take, the dosage, and the period of time during which the medication is to be taken and a statement that the medication must be taken during regular school hours, as well as detailing the method, amount and time schedule by which the medication is to be taken.

2. A written statement by the student’s parent or guardian initiating a request to have the medication administered to the student or to have the student otherwise assisted in the administration of the medication, in accordance with the authorized health care provider’s written statement. The written statement shall also provide express permission for the School to communicate directly with the authorized health care provider, as may be necessary, regarding the authorized health care provider’s written statement.

3. In the cases of self-administration of asthma medication or prescription auto-injectable epinephrine, the School must also receive a confirmation from the authorized health care provider that the student is able to self-administer the
medication and a written statement from the parent/guardian consenting to the student's self-administration and releasing the School and its personnel from civil liability if the self-administering student suffers an adverse reaction by self-administering his/her medication.

4. New statements by the parent/guardian and the authorized health care provider shall be required annually and whenever there is a change in the student's authorized health care provider, or a change in the medication, dosage, method by which the medication is required to be taken or date(s), or time(s) the medication is required to be taken. If there is not a current written statement by the student's parent or guardian and authorized health care provider, the School may not administer or assist in administration of medication. The School will provide each parent with a reminder at the beginning of each school year that they are required to provide the proper written statements.

Parent(s)/guardian(s) of students requiring administration of medication or assistance with administration of medication shall personally deliver (or, if age appropriate, have the student deliver) the medication for administration to the school’s Executive Director or designee.

Responses to the Parent/Guardian upon Request: The School shall provide a response to the parent/guardian within 10 business days of receiving the request for administration and the physician statement regarding which School employees, if any, will administer medication to the student, and what the employees of the School will do to administer the medication to the student or otherwise assist the student in the administration of the medication.

Termination of Consent: Parent(s)/guardian(s) of students who have previously provided consent for the School to administer medication or assist a student with the administration of medication may terminate consent by providing the School with a signed written withdrawal of consent on a form obtained from the Executive Director or designee.

Authorized Personnel: A nurse who is employed by or under contract with the School and certified in accordance with Education Code section 44877 will administer or assist in administering the medication to students. If not available, a designated School employee who is legally able to and has consented to administer or assist in administering the medication to students will administer the medication or otherwise assist the students.

Storage of Medication: Medication for administration to students shall be maintained in the front office in a locked cabinet. It shall be clearly marked for easy identification. If the medication requires refrigeration, the medication shall be stored in a refrigerator in a locked office, which may only be accessed by authorized personnel. If stored medication is unused, discontinued or outdated, the medication
shall be returned to the student's parent/guardian where possible. If not possible, the School shall dispose of the medication by the end of the school year in accordance with applicable law.

Any discussions with parents/guardians and/or authorized health care providers shall take place in an area that ensures student confidentiality. All medication records or other documentation relating to a student’s medication needs shall be maintained in a location where access is restricted to the School’s Executive Director or designee or other designated School employees.

If any student needs resuscitation, trained staff shall make every effort to resuscitate him/her. The School does not accept or follow any parental or medical “do not resuscitate” orders. School staff should not be placed in the position of determining whether such orders should be followed. The School’s Executive Director or designee, or his/her designee, shall
ensure that all parents/guardians are informed of this policy.

**Emergency Contact Information:** For the protection of a student’s health and welfare, the School shall require the parent/guardian(s) of all students to keep current with the School emergency information including the home address and telephone number, business address and telephone number of the parent/guardian(s), and the name, address and telephone number of a relative or friend who is authorized to care for the student in any emergency situation if the parent/guardian cannot be reached.

Except for employees transferring from other schools, no person shall be employed by the School unless the employee has submitted proof of an examination within the past 60 days that the employee is free of active tuberculosis. All employees shall be required to undergo the foregoing examination at least once every four (4) years, excepting “food handlers” who shall be examined annually. After such examination, each employee shall cause to be on file with the School a certificate from the examining physician showing the employee was examined and found free from active tuberculosis.

Therefore, the school adheres to a policy that prohibits sexual harassment at school and school-sponsored events, including off-campus events and field trips. Board Policies provide a comprehensive guide to sexual harassment, including purpose of the policies, definition of sexual harassment, and complaint, investigation and resolution procedures. Staff members are also notified of their obligations and rights regarding sexual harassment on an annual basis.
Sexual harassment of or by any student or member of the UPA staff shall not be tolerated. The conduct described above is also sexual harassment when submission to it is made either explicitly or implicitly a term or condition of an individual’s access to education.

Sexual harassment regulated by this policy pertains to behavior of a sexual nature while students are under the jurisdiction of the School.

Students may receive age-appropriate training and/or instruction on the prohibition of sexual harassment at the School. Copies of this policy, implementing administrative regulations containing rules and procedures for reporting charges of sexual harassment and for pursuing available remedies shall be available at the School’s administrative office.

All individuals involved in the investigation including the complainant, witnesses and the accused shall be fully informed of their rights under this policy.

The accused shall be provided with a copy of the complaint and an opportunity to respond to the allegations within seven (7) days of receipt of the request for a formal inquiry. The investigation will include interviews with the complainant and other witnesses as determined by the circumstances.

The report shall be submitted to the appropriate School administrator(s) for action, within thirty (30) days of the completion of the investigation or as soon thereafter as is feasible.

The Investigator will inform the complainant and the accused that the report has been forwarded and to whom. The appropriate administrator(s) will ensure that the complainant and the accused are timely notified in writing of the disciplinary action taken.

Within fifteen (15) days of disciplinary action being taken against the accused, or as required by applicable Board procedures, the appropriate administrator(s) shall provide written notification to the complainant indicating: individual remedies available to the complainant; and all sanctions against the accused of which the complainant needs to be aware in order for the sanctions to be fully effective.

Within fifteen (15) days of taking disciplinary action against the accused, the appropriate administrator(s) shall provide written notification to the Investigator indicating the results of any disciplinary actions and the initiation of any appeals; and all further individual remedies available to the complainant.

If the final determination is that sexual harassment has occurred, a prompt, relevant and effective remedy shall be provided to the complainant and appropriate disciplinary action taken against the harasser.
